Accessing, Logging on and Searching

This manual is relevant to those who are not key contacts within the Dept. and can only search the University Supplier Database.

Search Only Access

The first level of access is the "Search Only" version and is available to employees who use CUFS and have a Raven ID and password.

The purpose of the search facility is to alert staff to existing suppliers and preferred suppliers that may already exist on the system. These should be reviewed and preferably used before a request to set up a new supplier is submitted.

Once you have access follow the steps below.

Searching by Supplier Name

- 1. From the CUFS homepage navigate to the Supplier Database link http://ufs.admin.cam.ac.uk/ssr/#search
- 2. Click on the **Search Facility Only** link. You will need to log on with your CRSID and Raven password. Once you have logged on the following screen will display:

versity of Carr	nbridge > University O	ffices \rightarrow Finance Division \rightarrow	> UFS > Open search			
About	Supplier name	Supplier name kwic	Product	Search	Help	

There are different types of Search functionality available to help you locate the relevant supplier:

- **Supplier name** This is the quickest and easiest way.
- Supplier name kwic This differs from the supplier name search in that it will find the word you are typing in context, so if "office" is in the middle of a text string, all suppliers containing the word office will be returned.
- Product Keywords
- General Search

3. Click on **Supplier Name** and start typing the name of the supplier you wish to find.

As you type the results will automatically filter and reduce to those that match what you are typing. The status of the supplier is displayed so you can see if it is a preferred supplier, inactive etc.
