Setting up Sales Persons

The ‘Sales Person’ is usually the person who raises the invoice or credit note. Contact details of the sales person will print out on the top of each invoice/credit note, providing details to the customer should they need to contact in case of a query.

The accounts team within each department is set up as the default but you can add individual details too. Each department is set up with a range of ten numbers, which must be manually entered in order for you to set up departmental Salespersons.

Step 1: Identifying the Salesperson Number

Responsibility: CAPSA AR Supervisor / U.F.S AR Manager
Navigate to: Set up → Salesperson

a) Click in to the List of Values in the Name field.

b) Enter your department code followed by the wildcard (%) and click Find.

In this example we can see that the range of numbers here are 860 – 869. The next available number to use would be 863.
Remember that it is possible for other users not to follow this procedure and use your departmental numbers. The system will notify you if the salesperson number is already in use, therefore you will have to select a different number.

c) Click on Cancel to go back to the Find Resources screen.

Step 2: Creating the Salesperson
