Award Status Enquiry

Responsibility: GM Grants Administrator & GM Grants Investigator
Navigate: Award Status

Award Status can be used to view summary details of an award and a breakdown of the award by each project being funded. Both expenditure and billing data can be viewed. The data in the screen view is updated during the day and is not dependent on any overnight processing. Expenditures that have failed funds checking or have been entered and saved but not approved are not included in the screen view.

Viewing a Single Award

1. Enter the award number including the prefix of RG or G and click on the Find button

If you don’t know the award number, the project code can usually be entered in the Short Name field, and then click on the Find button.

2. The Award Status screen shows a one line summary of the award. Further information is available from the buttons at the bottom of the screen
3. To view the details of the award click on the **Award Inquiry** button.

Use the row of tabs to display more information about the award and sponsor

4. To view the award VAT status and whether a **Starting Certificate** is required, as well as **responsibilities** for this award, click on the flex-field [square brackets] to the right of the screen (as above screen shot).

6. To view the type of billing applicable to the award, select **Compliances**.

The Revenue Distribution rule will always be **Cost** but billing could either be **Cost** or **Event**. Cost billing indicates that the bill is generated from the actual costs posted over a period (known as the Billing Cycle) and Event billing indicates that the bill is generated from a schedule of payments loaded on the Award. For Event billing the payment schedule can be viewed by clicking on the **Events** button.

7. To display more tab options, select the arrow on right

8. Close the **Award Management** screen to return to the award status screen by clicking on the **Close Form** icon in the tool bar.

9. Select the drilldown buttons as required to view a breakdown of the summary data.

**Resource Status:** This displays award budget, actual costs, commitments, total cost and available balance by resource name.

**Actuals:** Enables you to search for actuals by expenditure type on the award.
**Commitments:** Enables you to search for actuals by expenditure type on the award.

**Project Status:** Displays details of the projects being funded by the award. It also provides further drilldown buttons to view details for each project.

**Invoice Review:** Shows the value of each bill generated by the University and period it relates to as per screenshot below. This is for use of ROO and should not be run by departments. These are University invoices billed to funder, not departmental expenses.

The **Open** button will give the sponsor details and the **Lines** button will show a breakdown of the bill

**Searching for more than one Award**

To call up a list of awards, leave the number and short name blank and use the other fields to specify your search criteria. For example, once you have entered your **Organization**, for all pending awards select the status of **on hold**, OR for all awards for a principal investigator enter their name in the **key member** section.

Click in the **status** field and select from the pick list. Alternatively, start entering name of PI in **Key Member** section.
