Receipting and Returning

You must receipt all items/services ordered. The responsibility of the receipting will vary within departments as it maybe the requisitioner, the approver, stores department or another colleague.

Once an item or service is receipted by an individual other than the requisitioner an e-mail notification will be sent to the requestor advising them that their goods/services have been received.

1. Click on the Receiving tab. Requisitions to Receive and My Receipts at a Glance will display.

2. If an item was missed from the requisition and added to the purchase order once it had been created e.g. delivery charge, then it will not display alongside the requisition lines to receive. To ensure all lines are receipted, complete the Search Value field with the Order Number and click Go.

3. All lines will display ready for receipting.
4. **Select** the line/s you are receiving.
